	- Distributor.....	NO

Action: To ensure the highest possible working efficiency from the engine, it is now recommended that the air filter be serviced as detailed below:-

Every 3,000 miles - check element for condition. Tap the filter element gently on the bench to remove as much as possible of the accumulated dust.

Every 6,000 miles - renew the element.

This information will be incorporated in all Service Literature as soon as it is convenient to reprint.

Meanwhile would all Dealers please ensure that all Service Personnel are made aware of this instruction.
